Stewards Training

Brothers & Sisters: Local 22 is once again offering a stewards training session presented by our attorney, Ellen Boardman.

Who: is invited? Any active member on any List in good standing who is not a business manager or business owner in our job description jurisdiction (e.g. owning a business in lighting, sound, carpentry, prop production, and AV or staging etc.) or otherwise prohibited from serving as a Union Officer by law.

Where: the session will be held in the Brian Bension Meeting Hall at the Union Office, 1810 Hamlin Street NE. Washington DC, 20018.

When: November 21, 2024 at 11am

Why: Because anyone who wishes to serve as a Local 22 Job Site Steward for Local 22 venues or for special events will be required to take this course and demonstrate comprehension of the material. Please make your best effort to be there. If you have attended any of the prior Steward's Training Classes it is not mandatory that you attend this one but attending it will act as a refresher for you and allow you to catch up on any changes.
